To whom it may concern,

I have relied on Uber services to travel within Charleston SC. Without Uber, I am less likely to visit the downtown area, taking my business away from restaurants and bars. Please consider the needs of the public when determining the role of ride sharing services.

South Carolina needs uber! It is the safest and most reliable form of transportation- please do not take that away from South Carolina. Thank you.

I can not believe uber is being targeted like this when other cab services constantly deal with cash and get robbed oftenly.
